Mark Klett, Director of Business Services

November 28, 2005

Members of the Board of Education Johnston Community School District Johnston, Iowa

The Comprehensive Annual Financial Report (CAFR) for the Johnston Community School District for the fiscal year ended June 30, 2005 is submitted herewith.

Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the District. To the best of our knowledge and belief, the enclosed information is fairly stated in all material respects and is presented in a manner which sets forth the financial position and results of operations of the various funds and account groups of the District in accordance with generally accepted accounting principles, (GAAP). It includes all District funds. All disclosures necessary to enable a reader to gain maximum understanding of the District's financial activities have been included.

The 2005 Comprehensive Annual Financial Report is presented in four sections: Introductory, Financial, Statistical and Single Audit Compliance. The Introductory Section includes a transmittal letter, the District's organizational chart and a list of District officials.

The Financial Section includes the District's financial statements and schedules and are presented in accordance with the financial reporting pyramid set forth by the Governmental Accounting Standards Board. The financial section consists of the independent auditor's report, Management's Discussion and Analysis, audited basic financial statements, required supplemental information, and combining and individual fund statements and schedules. The audited basic financial statements present both an overview and a broad long-term perspective of the School District as a whole in the government-wide financial statements. The Management's Discussion and Analysis presents financial highlights and information.

The Statistical Section sets forth selected unaudited financial and demographic information, generally presented on a multi-year basis.

The District is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act Amendments of 1996 and the U.S. Office of Management and Budget Circular A-133, Audits of State, Local Governments, and Non-Profit Organizations. This section contains all necessary schedules and auditor's reports required for the District to comply with these regulations.

Reporting Entity

This report includes all entities or organizations that are required to be included in the school District's reporting entity. The District is a separate reporting entity. The District is not included in any other reporting entity; however, component units are included in this report. These are organizations that exist to support the District and include a foundation, booster clubs and parent organizations. A seven-member elected Board of Directors, who serve three-year terms, govern the Johnston Community School District. The Board of Directors is a policy-making and planning body whose decisions are carried out by school administrators.

The Johnston Community School District is located in the northwest part of Polk County and one of the fast growing suburbs of Des Moines, Iowa. The District is the 17th largest of Iowa's 370 public school systems. The enrollment is approximately 5,180 students. The District provides a full range of

educational services appropriate to students in early childhood, preschool and grades kindergarten through twelve. These services include basic, regular and enriched academic education; special education for children with special needs; vocational education; and numerous individualized programs such as specialized instruction for students at-risk and for limited-English-speaking students.

In addition to the elementary, middle school and high school programs offered in the District, there are additional opportunities for achieving success. Students attend METRO West, an alternative school for students who function better in a less-structured environment. Students may also attend the Central Academy that affords additional opportunities for a greater breadth of classes.

The District serves these students in one high school, two middle schools and four elementary schools. All of these buildings are either new or remodeled in the past 25 years.

Economic Condition and Outlook

The District is located in the central part of the state, within the larger Des Moines metropolitan area and ranks as one of the top growth areas of the country. The economic condition and outlook is stable. The District has experienced tremendous growth over the past several years. This growth has had a positive effect on employment and the District's tax base. The District has averaged a nearly 9% annual increase in the tax base over the past ten years. In Fiscal 2005, this trend continued with the tax base increasing by approximately 9%.

Based on conservative projections, this trend is expected to continue well into the next decade. While having a positive impact, the growth also presents significant challenges for the District. The District utilizes the optional instructional support levy at a level deemed appropriate and will need to continue a high level of efficient use of human resources and facilities.

Retail sales, building permits, and population increases in the western suburbs far exceed that of any other location in the metropolitan area or in the State of Iowa. These increases are expected to continue if economic conditions remain stable.

Major Initiatives

Summit Middle School was opened to start school with construction of the pool not completed until January, 2005.

During the year, the Board of Directors reviewed and updated the 10-year capital improvement plan. It is projected that the district will continue to grow for the foreseeable future with growth topping out at 6,000 – 6,500 students. In order to accommodate those students, the Board identified the following projects: new elementary; remodel and expand the middle school; remodel and expand the high school; add to existing elementary buildings where necessary; expand the support services center; upgrade activity/athletic facilities and purchase land for a future building site.

In order to accomplish this program, voters approved a \$36.5 million bond referendum with 82% approval. The district will issue general obligation bonds and will use Local Option Sales and Services Taxes to finance the debt until the levy expires. At that time, the remaining debt will be repaid with property taxes.

Internal Control

Management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met.

The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the evaluation of costs and benefits requires estimates and judgments by management. All internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

As a recipient of federal, state and local financial assistance, the District is also responsible for ensuring that adequate internal control is in place to ensure compliance with applicable laws and regulations related to those programs. As a part of the District's single audit, described earlier, tests are made to determine the adequacy of internal control, including that portion related to federal awards programs, as well as to determine that the District has complied with applicable laws and regulations.

Budgetary Controls

In addition, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual budget approved by the District's governing body. Activities of the General Fund, Special Revenue Funds, Enterprise Fund, Debt Service Fund and Capital Projects Fund are included in the annual budget. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the budgeted amount) is established by function and encompasses all fund types. To facilitate the monitoring of the legal provisions, and to provide more complete information to interested parties the District prepares a more detailed budget for each fund. The District also maintains an encumbrance accounting system as one technique of accomplishing budgetary control

As demonstrated by the statements and schedules included in the Management's Discussion and Analysis included in the financial section of this report, the District continues to meet its responsibility for sound financial management.

Risk Management

Johnston Community School District is exposed to various risks of loss related to torts; theft; damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by the purchase of commercial insurance. The District assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

Cash Management

Cash temporarily idle during the year was invested in sweep accounts and the lowa School Joint Investment Trust. Interest income for fiscal year 2004 decreased significantly because of several factors. Lesser amounts of cash reserve to invest and the overall down turn of interest rates both locally and nationally.

Independent Audit

The Code of the State of lowa requires an annual audit of the District to be performed by an accounting firm selected in a competitively bid process. The annual audit meets the requirements of the Code of lowa, generally accepted auditing standards and the requirements of the 1996 Amendment to the Single Audit Act, and related OMB Circular A-133. The auditor's report on the general-purpose financial statements and combining and individual fund statements is included in the financial section of this report.

The auditor's reports related specifically to the single audit are included in a separate section for internal controls and compliance.

Awards

The Government Finance Officers Association of the Unites States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Johnston Community School District for its comprehensive annual financial report for the fiscal year ended June 30, 2004. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe our current comprehensive annual financial report continues to meet the

Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The District also received the Certificate of Excellence in Financial Reporting from the Association of School Business Officials (ASBO) upon recommendation of the Association's Panel of Review, which has judged that the report substantially conforms to principles and standards of ASBO's Certificate of Excellence Program. A certificate is valid for a period of one year and we are submitting this report to ASBO to determine its eligibility for another certificate.

ACKNOWLEDGEMENTS

The preparation of this report could not be accomplished without the efficient and dedicated services of the entire central administrative support staff and our auditors, Van Maanen and Associates. P.C. Finally, we would like to thank the Board of Education for their continued interest and support in conducting the financial operations of the District in a most responsible and progressive manner.

We are pleased to present this report of the results of the District's financial operation for the fiscal year ended June 30, 2005. It is our hope that study and review of this report will provide a better understanding of the District's financial operation for the District patrons.

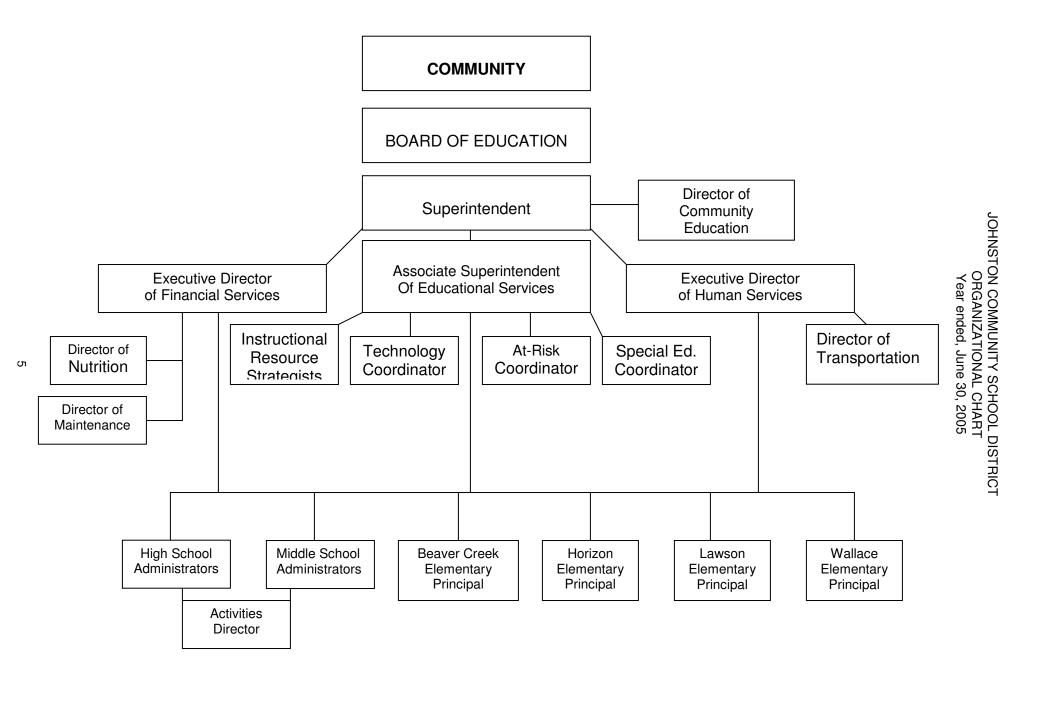

Respectfully submitted,

Mark Klett

Upon recommendation of the Association's Panel of Review which has judged that the Report substantially conforms to principles and standards of ASBO's Certificate of Excellence Program

Jaun Frombach

Excellence in Education

Independent Auditor's Report

To the Board of Education Johnston Community School District Johnston, Iowa

We have audited the accompanying financial statements of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of Johnston Community School District, Johnston, Iowa, and its aggregate discretely presented component units, as of and for the year ended June 30, 2005, which collectively comprise the District's basic financial statements listed in the table of contents. These financial statements are the responsibility of District officials. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of Johnston Community School District and its aggregate discretely presented component units at June 30, 2005, and the respective changes in financial position and cash flows, where applicable, for the year then ended in conformity with U.S. generally accepted accounting principles.

In accordance with <u>Government Auditing Standards</u>, we have also issued our report dated September 28, 2005 on our consideration of Johnston Community School District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with <u>Government Auditing Standards</u> and should be considered in assessing the results of our audit.

Management's Discussion and Analysis and budgetary comparison information on pages 13 through 21 and 60 through 62 are not required parts of the basic financial statements, but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. We did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Johnston Community School District's basic financial statements. We previously audited, in accordance with the standards referred to in the second paragraph of this report, the financial statements for the three years ended June 30, 2004 (which are not presented herein) and expressed unqualified opinions on those financial statements. The introductory section, combining and individual nonmajor fund financial statements, and statistical tables are presented for purposes of additional analysis and are not a required part of the basic financial statements. Other supplementary information included in Schedules 1 through 11, and the Schedule of Expenditures of Federal Awards required by U.S. Office of Management and Budget (OMB) Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, found in the Compliance Section, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section and statistical tables have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and, accordingly, we express no opinion on them.

MANAGEMENT'S DISCUSSION AND ANALYSIS

The Johnston Community School District provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of the financial activities is for the fiscal year ended June 30, 2005. We encourage readers to consider this information in conjunction with the District's financial statements, which follow.

Financial Highlights

- The District showed an increase in net assets of \$6,182,561 and \$5,455,687 during the years ended June 30, 2005 and 2004, respectively.
- Total revenues for the fiscal year ended June 30, 2005 and 2004 of \$50,622,792 and \$45,557,480 were comprised of General Revenues in the amount of \$38,981,373 and \$35,167,747 and Program Revenues totaling \$11,641,416 and \$10,389,733, respectively.
- As of June 30, 2005, the District's governmental funds reported combined ending fund balances of \$5,980,204, an increase of \$3,506,813, in comparison with 2004. This compares with June 30, 2004 balance of \$2,473,391, an increase of \$1,859,835 in comparison with 2003.
- As of June 30, 2005, unreserved undesignated fund balance for the General Fund was \$699,325 or 2.0% of total General Fund expenditures. This is an improvement over June 30, 2004 of (\$904,057) or -2.9% of expenditures.

Overview of the Financial Statements

This report consists of three parts: Management's Discussion and Analysis (this section), the basic financial statements and required supplementary information. The basic financial statements include two kinds of statements that present different views of the District:

- The first two statements are *District-wide financial statements* that provide both short-term and long-term information about the District's overall financial status.
- The remaining statements are *fund financial statements* that focus on individual parts of the District, reporting the District's operations in more detail than the District-wide statements.
- The statements for *governmental funds* explain how basic services, such as regular and special education, were financed in the short term as well as what remains for future spending.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the financial statements with a comparison of the District's budget for the year.

Figure A-1 shows how the various parts of this annual report are arranged and relate to one another.

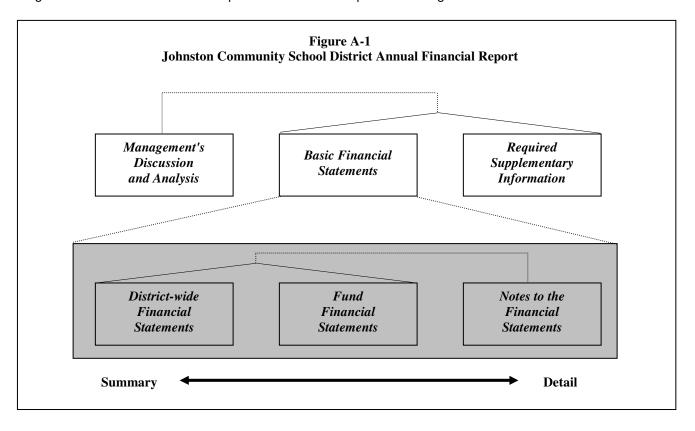

Figure A-2 summarizes the major features of the District's financial statements, including the portion of the District's activities they cover and the types of information they contain. The remainder of this overview section of the management's discussion and analysis highlights the structure and contents of each of the statements.

| Figure A-2 Major Features of the District-Wide and Fund Financial Statements | | | | | | | |
|--|--|--|--|--|--|--|--|
| | District-wide | Fund Statements | | | | | |
| | Statements | Governmental Funds | Proprietary Funds | | | | |
| Scope | Entire district (except fiduciary funds) | The activities of the district that are not proprietary or fiduciary, such as special education and building maintenance | Activities the district operates similar to private businesses: food services and adult education | | | | |
| Required financial statements | Statement of Net Assets Statement of Activities | Balance sheet Statement of revenues, expenditures, and changes in fund balances | Statement of revenues, expenses and changes in net assets Statement of cash flows | | | | |
| Accounting basis and measurement focus | Accrual accounting and economic resources focus | Modified accrual accounting and current financial resources focus | Accrual accounting and economic resources focus | | | | |
| Type of asset/ liability information | All assets and liabilities, both financial and capital, short-term and long-term | Generally assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets or long-term liabilities included | All assets and liabilities, both financial and capital, and short-term and long-term | | | | |
| Type of inflow/ outflow information | All revenues and expenses during year, regardless of when cash is received or paid | Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and the related liability is due during the year or soon thereafter | All revenues and expenses during the year, regardless of when cash is received or paid | | | | |

District-wide Statements

The District-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net assets includes all of the District's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities, regardless of when cash is received or paid.

The two District-wide statements report the District's *net assets* and how they have changed. Net assets – the difference between the District's assets and liabilities – are one way to measure the District's financial health or position.

- Over time, increases or decreases in the District's net assets are an indicator of whether financial position is improving or deteriorating, respectively.
- To assess the District's overall health, you need to consider additional non-financial factors, such as changes in the District's property tax base and the condition of school buildings and other facilities.

In the District-wide financial statements, the District's activities are divided into two categories:

- Governmental activities: Most of the District's basic services are included here, such as regular and special education, transportation and administration. Property tax and state aid finance most of these activities.
- Business type activities: The District charges fees to help cover the costs of certain services it provides. The District's school nutrition program is included here.

Fund Financial Statements

The fund financial statements provide more detailed information about the District's funds, focusing on its most significant or "major" funds – not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs.

- Some funds are required by state law and by bond covenants.
- The District establishes other funds to control and manage money for particular purposes, such as accounting for student activity funds or to show that it is properly using certain revenues such as federal grants.

The District has three kinds of funds:

- Governmental funds: Most of the District's basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed short-term view that helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the District-wide statements, additional information at the bottom of the governmental fund statements explains the relationship or differences between the two statements.
 - The District's governmental funds include the General Fund, Special Revenue Funds, Debt Service Fund and Capital Projects Fund.

- Proprietary funds are reported in the same way as the District-wide statements.
 - The District's enterprise funds, one type of proprietary fund, are the same as its business type activities, but provide more detail and additional information, such as cash flows. The District currently has three enterprise funds: School Nutrition, Daycare and Community Education.
 - The District's internal service funds consist of revenues and expenses related to services provided to organizations inside the District on a cost reimbursement basis. The District's internal service funds are the Health and Dental Insurance and Flex Benefit funds.
- Fiduciary Funds: The District is the trustee, or fiduciary, for its Student Memorial program that accounts for resources held for others in a custodial capacity. All of the District's fiduciary activities are reported in separate Statements of Fiduciary Net Assets and Changes in Fiduciary Net Assets. We exclude these activities from the District's other financial statements because the assets cannot be utilized by the District to finance its operations.

Financial Analysis of the District as a Whole

Net Assets

Figure A-3 below provides a summary of the District's net assets for the year ended June 30, 2005.

As noted earlier, net assets may serve over time as useful indicator of a government's financial position. The District's total net assets have increased from a year ago from \$31,392,286 to \$37,574,847.

The significant portions of the District's combined net assets reflect its investment in capital assets and are not available for future spending. The District's net assets invested in capital assets, net of related debt, was \$33,282,729 for 2005 and \$29,507,148 for 2004.

Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources to repay this debt must be provided form other sources since the capital assets themselves cannot be used to liquidate these liabilities. Long-term debt liabilities will be repaid through future property and sales taxes collections. Bond debt retirement for the year was \$1,235,000.

Property tax and unrestricted state grants account for 76 percent of the total revenue. The District's expenses primarily relate to instruction and support services that account for 84 percent of the total expenses.

Governmental Activities

Revenues for governmental activities were \$46,489,440 and expenses were \$40,505,297. Net assets increased by \$5,681,727.

Figure A-4 highlights the District's revenues and expenses for the fiscal year ended June 30, 2005 and 2004. These two main components are subtracted to yield the change in net assets. This exhibit utilizes the full accrual method of accounting. Revenue is further divided into two major components: program revenue and general revenue. Program revenue is defined as charges for services and sales, operating and capital grants and contributions. General revenue includes taxes and unrestricted grants such as state foundation support.

Expenses are shown in programs including instruction, support services, non-instructional programs and other expenses.

Business Type Activities

Revenues of the District's business type activities were \$4,133,352 and expenses were \$3,934,934. Net assets increased by \$500,834. The District's business type activities include the School Nutrition, Daycare and Community Education Funds. Revenues of these activities were comprised of charges for service, federal and state reimbursements and investment income.

Financial Analysis of the District's Funds

The financial performance of the District as a whole is reflected in its governmental funds as well. On June 30, 2005 the District's governmental funds reported combined fund balances of \$5,980,204, well above the June 30, 2004 ending fund balances of \$2,473,391. This is primarily due to increased cash reserve tax levies in the general fund and increased balances in the capital projects and nonmajor special revenue funds.

Governmental Fund Highlights

- The District's General Fund financial position improved dramatically during the year. The June 30, 2004 negative fund balance of (\$407,734) was improved to a positive \$1,079,682 on June 30, 2005. This is due to increased cash reserve levies by the Board of Education to improve fund balance.
- The Debt Service Fund balance increased slightly with taxes levied to cover principal and interest payments.
- The Capital Projects Fund balance increased as monies were reserved to cover anticipated future debt payments.

Proprietary Fund Highlights

The School Nutrition Fund net assets increased from \$912,973 on June 30, 2004 to \$1,340,653 on June 30, 2004. Included was a transfer of \$285,868 from capital projects for equipment purchased. The net assets of Community Education increased by 12% and Daycare Funds increased by 8%.

Budgetary Highlights

In accordance with the Code of Iowa, the Board of Education annually adopts a budget following required public notice and hearing for all funds, except for internal services, private-purpose trusts and agency funds. Although the budget document presents functional area expenditures or expenses by fund, the legal level of control is at the aggregated functional level, not at the fund or fund type level. The budget may be amended during the year utilizing similar statutorily prescribed procedures. The District's budget is prepared on the accrual basis. Schedules showing the original and final budget amounts compared to the District's actual financial activity are included in the required supplementary information section of this report.

Legal Budgetary Highlights

As allowed by GASB Statement No. 41, *Budgetary Comparison Schedules – Perspective Differences*, the District presents budgetary comparison schedules as required supplementary information based on the program structure of four functional areas as required by state statute for its legally adopted budget. In accordance with the Code of lowa, the Board of Education annually adopts a program budget for all funds except internal service and agency funds as described in the note to required supplementary information. The District did not amend this year.

A comparison of actual expenditures/expenses of the District's budgeted funds with the final program budget amounts is as follows:

Instruction Support Services Noninstructional programs Other

| Budg | get | | |
|------------------|------------|------------|-------------|
| Original | Final | Actual | Variance |
| \$ 26,744,881 | 26,744,881 | 25,065,407 | 1,679,474 |
| 13,276,728 | 13,276,728 | 10,704,449 | 2,572,279 |
| 5,150,976 | 5,150,976 | 3,940,777 | 1,210,199 |
| 11,067,684 | 11,067,684 | 19,345,380 | (8,277,696) |
| \$ 56,240,269 | 56,240,269 | 59,056,013 | (2,815,744) |

The negative balance in "Other" expenditures is due to payment of short-term cash flow construction debt converted to long-term debt. In other words, money was borrowed as long-term debt, and used to pay off short-term debt incurred in construction of Summit Middle Schools.

Capital Asset and Debt Administration

Capital Assets

At June 30, 2005, the District had invested \$62,303,014 net of accumulated depreciation, in a broad range of capital assets, including land, buildings, athletic facilities, computers, audio-visual equipment and transportation equipment (see Figure A-5). This compares to the June 30, 2004 balance of \$59,756,584.

The original cost of the District's capital assets was \$84,462,332. Governmental funds account for \$83,217,710 with the remainder, \$1,244,622, in the Enterprise funds.

The largest change in capital asset activity during the year occurred in the construction in progress and buildings category. The completion of Summit Middle School project reduced the construction in progress to zero and added the completed cost of \$18,339,008 to buildings.

Long-Term Debt

At June 30, 2005 the District had \$32,595,211 in general obligation bonds and other long-term debt outstanding. This represents an increase of approximately 1.4 percent from June 30, 2004 (see Figure A-6). More detailed information about the District's long-term liabilities is available in Note 5 to the financial statements.

The large increase in early retirement obligations reflects the increased medical insurance liability as more employees take advantage of the retirement plan. This obligation is a fixed dollar amount toward health insurance until the employee reaches the age of 65.

Factors Bearing on the District's Future

At the time these financial statements were prepared and audited, the District was aware of several existing circumstances that could significantly affect its financial health in the future:

- The District expects continued enrollment growth during the foreseeable future. The District's enrollment growth has averaged 5.9% annually over the last 10-years.
- The District has averaged nearly 9% annual increase in the tax base over the past 10 years and continued this trend with a 9% increase during 2004.
- The continued slow growth in state revenues and increasing enrollments will continue to put great pressure on District finances to meet both the personnel and facility needs of the District.

Contacting the District's Financial Management

This financial report is designed to provide the District's citizens, taxpayers, customers, investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Mark Klett, Executive Director of Financial Services, Johnston Community School District, 5608 Merle Hay Road, Johnston, IA 50131-1234.

JOHNSTON COMMUNITY SCHOOL DISTRICT RECONCILIATION OF THE BALANCE SHEET - GOVERNMENTAL FUNDS TO THE STATEMENT OF NET ASSETS June 30, 2005

| Total fund balances of governmental funds (Exhibit C) | | \$ | 5,980,204 |
|--|-------------------------|----|--------------|
| Amounts reported for governmental activities in the statement of net assets are different because: | | | |
| Capital assets used in governmental activities are not financial resources and, therefore, are not reported as assets in the governmental funds. | | | 61,622,615 |
| The Internal Service Fund is used by management to charge the costs of partial self funding of the District's health insurance benefit plan to individual funds. The assets and liabilities of the Internal Service Fund are included in governmental activities in the Statement of Net Assets. | | | 316,582 |
| Accrued interest payable on long-term liabilities is not due and payable in the current period and, therefore, is not reported as a liability in the governmental funds. | | | (108,620) |
| Long-term liabilities, including bonds payable and compensated absences, are not due and payable in the current period and, therefore, are not reported as liabilities in the governmental funds as follows: Total long-term debt Portion of early retirement reflected on governmental funds | (32,595,211) 161,563 | (| (32,433,648) |
| Net assets of governmental activities (Exhibit A) | | \$ | 35,377,133 |

JOHNSTON COMMUNITY SCHOOL DISTRICT RECONCILIATION OF THE STATEMENT OF REVENUES. EXPENDITURES AND CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES Year ended June 30, 2005

| Net change in fund balances - total governmental funds (Exhibit E) |
|--|
|--|

\$ 3,506,813

316,582

\$ 5,681,727

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, those costs are reported

employee health benefits to individual funds. The change in net assets of

the Internal Service Fund is reported with governmental activities.

Change in net assets of governmental activities (Exhibit B)

| in the Statement of Net Assets and are allocated over their estimated useful lives as depreciation expense in the Statement of Activities. The amounts of capital outlays and depreciation expense in the year are as follows: | | |
|--|--------------------------------|--------------|
| Capital outlays Depreciation expense | \$ 4,061,000 (1,793,756) | 2,267,244 |
| Repayment of long-term debt principal is an expenditure in the governmental funds, but it reduces long-term liabilities in the Statement of Net Assets. | | 11,975,000 |
| Interest on long-term debt in the Statement of Activities differs from the amount reported in the governmental funds because interest is recorded as an expenditure in the funds when due. In the Statement of Activities, interest expense is recognized as the interest accrues, regardless of when it is due. | | (3,346) |
| Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds. Early retirement | | (225,566) |
| Proceeds of long-term debt provide current financial resources to governmental funds but increase long-term liabilities in the Statement of Net Assets. | | (12,155,000) |
| The Internal Service Fund is used by management to charge the costs of | | |

NOTES TO FINANCIAL STATEMENTS Year Ended June 30, 2005

(1) Summary of Significant Accounting Policies

The Johnston Community School District is a political subdivision of the State of Iowa and operates public schools for children in grades kindergarten through twelve. Additionally, the District either operates or sponsors various adult education programs. These courses include remedial education as well as vocational and recreational courses. The geographic area served includes the city of Johnston, Iowa; portions of Johnston, Des Moines, Granger and Grimes, Iowa; and other unincorporated areas of Polk County. The District is governed by a Board of Education whose members are elected on a non-partisan basis.

The District's financial statements are prepared in conformity with U.S. generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board.

A. Reporting Entity

For financial reporting purposes, Johnston Community School District has included all funds, organizations, account groups, agencies, boards, commissions and authorities. The District has also considered all potential component units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the District are such that exclusion would cause the District's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the District to impose its will on that organization or (2) the potential for the organization to provide specific benefits to, or impose specific financial burdens on the District.

Discrete Component Units

Johnston Community School Foundation is a legally separate not-for-profit entity. Johnston Community School Foundation was established for the purpose of providing additional educational opportunities for the students and faculty of Johnston Community School District. Although the District does not control the timing or amount of receipts from Johnston Community School Foundation, the majority of the resources that are held are used for the benefit of Johnston Community School District.

Johnston High School Booster Club is a legally separate not-for-profit entity. Johnston High School Booster Club was established for the purpose of providing additional educational and athletic opportunities for the students of Johnston Community School District. Although the District does not control the timing or amount of receipts from Johnston High School Booster Club, the majority of the resources that are held are used for the benefit of Johnston Community School District.

Friends of Johnston ELP is a legally separate not-for-profit entity. Friends of Johnston ELP was established for the purpose of providing additional educational opportunities for the students of Johnston Community School District. Although the District does not control the timing or amount of receipts from Friends of Johnston ELP, the majority of the resources that are held are used for the benefit of Johnston Community School District.

Johnston Middle School PTO is a legally separate not-for-profit entity. Johnston Middle School PTO was established for the purpose of providing additional educational and recreational opportunities for the students of Johnston Community School District. Although the District does not control the timing or amount of receipts from Johnston Middle School PTO, the majority of the resources that are held are used for the benefit of Johnston Community School District.

NOTES TO FINANCIAL STATEMENTS Year Ended June 30, 2005

Beaver Creek Elementary PTO is a legally separate not-for-profit entity. Beaver Creek Elementary PTO was established for the purpose of providing additional educational and recreational opportunities for the students of Johnston Community School District. Although the District does not control the timing or amount of receipts from Beaver Creek Elementary PTO, the majority of the resources that are held are used for the benefit of Johnston Community School District.

Horizon Elementary PTO is a legally separate not-for-profit entity. Horizon Elementary PTO was established for the purpose of providing additional educational and recreational opportunities for the students of Johnston Community School District. Although the District does not control the timing or amount of receipts from Horizon Elementary PTO, the majority of the resources that are held are used for the benefit of Johnston Community School District.

Lawson Elementary PTO is a legally separate not-for-profit entity. Lawson Elementary PTO was established for the purpose of providing additional educational and recreational opportunities for the students of Johnston Community School District. Although the District does not control the timing or amount of receipts from Lawson Elementary PTO, the majority of the resources that are held are used for the benefit of Johnston Community School District.

Wallace Elementary PTO is a legally separate not-for-profit entity. Wallace Elementary PTO was established for the purpose of providing additional educational and recreational opportunities for the students of Johnston Community School District. Although the District does not control the timing or amount of receipts from Wallace Elementary PTO, the majority of the resources that are held are used for the benefit of Johnston Community School District.

Johnston Community Schools Washington D.C. Club is a legally separate not-for-profit entity. Johnston Community Schools Washington D.C. Club was established for the purpose of providing additional educational and recreational opportunities for the students of Johnston Community School District. Although the District does not control the timing or amount of receipts from Johnston Community Schools Washington D.C. Club, the majority of the resources that are held are used for the benefit of Johnston Community School District.

Johnston Band Parents is a legally separate not-for-profit entity. Johnston Band Parents was established for the purpose of providing additional opportunities for the students of Johnston Community School District. Although the District does not control the timing or amount of receipts from Johnston Parents Boosters, the majority of the resources that are held are used for the benefit of Johnston Community School District.

Johnston Vocal Parents is a legally separate not-for-profit entity. Johnston Vocal Parents was established for the purpose of providing additional opportunities for the students of Johnston Community School District. Although the District does not control the timing or amount of receipts from Johnston Vocal Parents, the majority of the resources that are held are used for the benefit of Johnston Community School District.

Johnston High School After Prom is a legally separate not-for-profit entity. Johnston High School After Prom was established for the purpose of providing additional recreational opportunities for the students of Johnston Community School District. Although the District does not control the timing or amount of receipts from Johnston High School After Prom, the majority of the resources that are held are used for the benefit of Johnston Community School District.

NOTES TO FINANCIAL STATEMENTS Year Ended June 30, 2005

Summit Middle School PTO is a legally separate not-for-profit entity. Summit Middle School PTO was established for the purpose of providing additional educational and recreational opportunities for the students of Johnston Community School District. Although the District does not control the timing or amount of receipts from Summit Middle School PTO, the majority of the resources that are held are used for the benefit of Johnston Community School District.

<u>Jointly Governed Organizations</u> - The District participates in a jointly governed organization that provides services to the District but does not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. The District is a member of the Polk County Assessor's Conference Board.

B. Basis of Presentation

<u>Government-wide financial statements</u> - The Statement of Net Assets and the Statement of Activities report information on all of the nonfiduciary activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Interfund services provided and used are not eliminated in the process of consolidation. Governmental activities, which normally are supported by tax and intergovernmental revenues, are reported separately from business type activities, which rely to a significant extent on fees and charges for service.

The Statement of Net Assets presents the District's nonfiduciary assets and liabilities, with the difference reported as net assets. Net assets are reported in three categories:

Invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes, and other debt that are attributed to the acquisition, construction, or improvement of those assets.

Restricted net assets result when constraints placed on net asset use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net assets consist of net assets that do not meet the definition of the two preceding categories. Unrestricted net assets often have constraints on resources that are imposed by management, but can be removed or modified.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants, contributions and interest that are restricted to meeting the operational or capital requirements of a particular function. Property tax and other items not properly included among program revenues are reported instead as general revenues.

<u>Fund Financial Statements</u> - Separate financial statements are provided for governmental, proprietary, and fiduciary funds, even though the latter are excluded from the Government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as other nonmajor governmental funds.

NOTES TO FINANCIAL STATEMENTS Year Ended June 30, 2005

The District reports the following major governmental funds:

The General Fund is the general operating fund of the District. All general tax revenues and other receipts that are not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating expenses, including instructional, support and other costs.

The Debt Service Fund is utilized to account for the payment of interest and principal on the District's general long-term debt.

The Capital Projects Fund is used to account for all resources used in the acquisition and construction of capital facilities.

Additionally, the District reports the following fund types:

Governmental Funds:

 Nonmajor Special Revenue Funds - The District accounts for resources restricted to, or designated for, a specific purpose by the District or a grantor in a special revenue fund. State and Local financial assistance is accounted for in a State or Local Revenue Fund, and sometimes unused balances must be returned to the grantor at the close of specified project periods.

Proprietary Funds:

- 2. Enterprise Funds The District accounts for food service operations, community daycare operations and community education service operations in the Enterprise Funds.
- 3. Internal Service Funds Revenues and expenses related to services provided to organizations inside the District on a cost reimbursement basis are accounted for in an internal service fund. The District's Internal Service Funds are the Health and Dental Insurance and Flex Benefit Funds.

Fiduciary Funds:

4. Agency Funds - The District accounts for resources held for others in a custodial capacity in agency funds. The District's Agency Fund is the Student Memorial Fund.

C. Measurement Focus and Basis of Accounting

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax is recognized as revenue in the year for which it is levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days after year end.

NOTES TO FINANCIAL STATEMENTS Year Ended June 30, 2005

Property tax, intergovernmental revenues (shared revenues, grants and reimbursements from other governments) and interest associated with the current fiscal period are all considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when cash is received by the District.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, principal and interest on long-term debt, claims and judgements, and compensated absences are recognized as expenditures only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under terms of grant agreements, the District funds certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net assets available to finance the program. It is the District's policy to first apply cost-reimbursement grant resources to such programs, and then general revenues.

The proprietary fund of the District applies all applicable GASB pronouncements as well as the following pronouncements issued on or before November 30, 1989, unless these pronouncements conflict with or contradict GASB pronouncements: Financial Accounting Standards Board Statements and Interpretations, Accounting Principles Board Opinions, and Accounting Research Bulletins of the Committee on Accounting Procedure.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the District's Enterprise Funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The District maintains its financial records on the cash basis. The financial statements of the District are prepared by making memorandum adjusting entries to the cash basis financial records.

D. Assets, Liabilities and Fund Equity

The following accounting policies are followed in preparing the balance sheet:

<u>Cash</u>, <u>Pooled Investments and Cash Equivalents</u> – The District maintains a cash and investment pool used by all funds. The cash and investment pool has the same characteristics as demand deposits. Each fund type's portion of this pool is displayed in the financial statements as cash and cash equivalents in that fund. The District utilizes a financial institution to service bonded debt as principal and interest payments come due. The monies are either maintained in a central bank account or used to purchase legal investments.

It is the policy of the District to value investment contracts and money market investments with a maturity of one year or less at the time of purchase at cost or amortized cost. Investment contracts and money market investments that had a remaining maturity of greater than one year at the time of purchase are reported at fair value.

NOTES TO FINANCIAL STATEMENTS Year Ended June 30, 2005

The District has invested funds in the Iowa Schools Joint Investment Trust (ISJIT). ISJIT is an investment pool managed by the trustee, Bankers Trust, which allows governments within the State to pool their funds for investment purposes. ISJIT is registered with the SEC as an investment company and operates in a manner consistent with Rule 2a-7 of the Investment Company Act of 1940. Investments in ISJIT are valued at an amortized cost pursuant to Rule 2a-7 under the Investment Company Act of 1940.

<u>Property Tax Receivable</u> – Property tax in the governmental funds are accounted for using the modified accrual basis of accounting.

Property tax receivable is recognized in these funds on the levy or lien date, which is the date that the tax asking is certified by the Board of Education. Delinquent property tax receivable represents unpaid taxes for the current and prior years. The succeeding year property tax receivable represents taxes certified by the Board of Education to be collected in the next fiscal year for the purposes set out in the budget for the next fiscal year. By statute, the District is required to certify its budget in April of each year for the subsequent fiscal year. However, by statute, the tax asking and budget certification for the following fiscal year becomes effective on the first day of that year. Although the succeeding year property tax receivable has been recorded, the related revenue is deferred in both the Government-wide and fund financial statements and will not be recognized as revenue until the year for which it is levied.

Property tax revenue recognized in these funds become due and collectible in September and March of the fiscal year with a 1½% per month penalty for delinquent payments; is based on January 1, 2003 assessed property valuations; is for the tax accrual period July 1, 2004 through June 30, 2005 and reflects the tax asking contained in the budget certified to the County Board of Supervisors in April, 2004.

<u>Due from Other Governments</u> – Due from other governments represents amounts due from the State of lowa, various shared revenues, grants and reimbursements from other governments.

<u>Inventories</u> – Inventories are valued at cost using the first-in, first-out method for purchased items and government commodities. Inventories are recorded as expenses when consumed rather than when purchased or received.

<u>Capital Assets</u> – Capital assets, which include property, furniture, and equipment, are reported in the applicable governmental or business type activities columns in the government-wide Statement of Net Assets. Capital assets are recorded at historical cost. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Capital assets are defined by the District as assets with an initial, individual cost in excess of the following thresholds and estimated useful lives in excess of two years.

| Asset Class | <u>Amount</u> |
|-----------------------------------|---------------|
| Land | \$ 3,500 |
| Buildings | 3,500 |
| Improvements other than buildings | 3,500 |
| Furniture and equipment: | |
| School Nutrition Fund equipment | 500 |
| Other furniture and equipment | 3,500 |

NOTES TO FINANCIAL STATEMENTS Year Ended June 30, 2005

Capital assets (with the exception of land, which is not depreciated) are depreciated using the straight line method over the following estimated useful lives:

| | Estimated Useful Lives |
|-----------------------------------|---------------------------|
| Asset Class | (In Years) |
| Buildings | 50 years |
| Improvements other than buildings | 20-50 years |
| Furniture and equipment | 5-15 years |

<u>Interfund Activity</u> - Transfers between governmental and business type activities on the government-wide statements are reported in the same manner as general revenues. Sales of goods and services between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in proprietary funds.

On fund financial statements, short-term interfund loans are classified as interfund receivables/payables. These amounts are eliminated in the Statement of Net Assets, except for amounts due between governmental and business type activities, which are presented as internal balances.

<u>Salaries and Benefits Payable</u> - Payroll and related expenditures for teachers with annual contracts corresponding to the current school year, which is payable in July and August, have been accrued as liabilities.

<u>Deferred Revenue</u> - Although certain revenues are measurable, they are not available. Available means collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Deferred revenue in the governmental fund financial statements represent the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Deferred revenue consists of unspent grant proceeds as well as property tax receivables and other receivables not collected within sixty days after year end.

Deferred revenue on the Statement of Net Assets consists of succeeding year property tax receivable that will not be recognized as revenue until the year for which it is levied and prepaid student lunch accounts that will not be recognized as revenue until earned.

<u>Compensated Absences</u> – District employees accumulate a limited amount of earned but unused vacation benefits payable to employees. However, these benefits must be used by the end of the following fiscal year, June 30, 2006. As such, these benefits are reported as a current liability in the General Fund as part of salaries and benefits payable.

<u>Long-term Liabilities</u> – In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities column in the Statement of Net Assets.

NOTES TO FINANCIAL STATEMENTS Year Ended June 30, 2005

<u>Fund Balances</u> – In the governmental fund financial statements, reservations of fund balance are reported for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose.

<u>Restricted Net Assets</u> – In the government-wide Statement of Net Assets, net assets are reported as restricted when constraints placed on net asset use are either externally imposed by creditors, grantors, contributors or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation.

E. Budgets and Budgetary Accounting

As allowed by GASB Statement No. 41, *Budgetary Comparison Schedules - Perspective Differences*, the District presents budgetary comparison schedules as required supplementary information based on the program structure of four functional areas as required by state statute for its legally adopted budget. During the year ended June 30, 2005, disbursements in the other expenditures functional area exceeded the amount budgeted.

(2) Cash and Pooled Investments

The District's deposits in banks at June 30, 2005 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

The District is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Board of Education; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

At June 30, 2005, the District had investments in the Iowa Schools Joint Investment Trust as follows:

Diversified Portfolio \$10,755,484

The investments are valued at an amortized cost pursuant to Rule 2a-7 under the Investment Company Act of 1940.

Interest rate risk. The District's investment policy limits the investment of operating funds (funds expected to be expanded in the current budget year or within 15 months of receipt) in instruments that mature within 397 days. Funds not identified as operating funds may be invested in investments with maturities longer than 397 days but the maturities shall be consistent with the needs and use of the District.

Credit risk. The investments in the Iowa Schools Joint Investment Trust were both rated Aaa by Moody's Investors Service.

NOTES TO FINANCIAL STATEMENTS Year Ended June 30, 2005

(3) Interfund Transactions

Interfund loans on the fund statements at June 30, 2005 consist of the following receivables and payables:

| Fund | R | eceivable | Payable |
|---|----|-----------|---------|
| Governmental Fund: | | | |
| General | \$ | 112,323 | - |
| Capital Projects | | 17,538 | 13,514 |
| Special Revenue - Student Activity | | | 114,871 |
| Special Revenue - Physical Plant and Equipment Levy | | | 4,024 |
| Proprietary Fund: | | | |
| Community Education | | 2,548 | - |

| Early retirement | 704,135 | 387,129 | 111,053 | 980,211 | 161,563 |
| | \$ 32,139,135 | 12,542,129 | 12,086,053 | 32,595,211 | 4,586,563 |

Early Retirement

The District offers a voluntary early retirement plan for all employees. Eligible employees must be at least age fifty-five and employees must have completed ten years of continuous service to the District. Employees must complete an application which is required to be approved by the Board of Education. The early retirement incentive for each eligible employee is equal to 30% of the average of the employee's highest three year's salary in the twelve years prior to retirement. Early retirement benefits paid during the year ended June 30, 2005, totaled \$111,053.

| Total | • | \$ 9,500,000 | 810,288 | 10,310,288 |

The local option sales and services tax revenue bonds were issued for the purpose of defraying a portion of the cost of school infrastructure. The bonds are payable solely from the proceeds of the local option sales and services tax revenues received by the District. The bonds are not a general obligation of the District. However, the debt is subject to the constitutional debt limitation of the District.

The resolution providing for the issuance of the local option sales and services tax revenue bonds includes the following provisions:

- a) \$950,000 of the proceeds from the issuance of the revenue bonds shall be deposited to the Reserve Account to be used solely for the purpose of paying principal and interest on the bonds if insufficient money is available in the Sinking Account. The balance of the proceeds shall be deposited to the Project Account.
- b) All proceeds from the local option sales and services tax shall be placed in a Revenue Account.
- c) Monies in the Revenue Account shall be disbursed to make deposits into a Sinking Account to pay the principal and interest requirements of the revenue bonds for the fiscal year.
- d) Any monies remaining in the Revenue Account after the required transfer to the Sinking Account may be transferred to the Project Account to be used for any lawful purpose.

The District complied with all of the provisions during the year ended June 30, 2005.

NOTES TO FINANCIAL STATEMENTS Year Ended June 30, 2005

At the school election held on September 10, 2002, a special proposition authorizing the levy of tax not exceeding one dollar and thirty-four cents per one hundred thousand dollars of assessed value was adopted and approved by the electors. In order to make the proceeds of this voted tax immediately available, the Board of Directors, pursuant to lowa Code section 297.36, authorized the sale of \$6,500,000 of capital loan notes.

(6) Pension and Retirement Benefits

The District contributes to the Iowa Public Employees Retirement System (IPERS) which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are established by State statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P.O. Box 9117, Des Moines, Iowa, 50306-9117.

Plan members are required to contribute 3.70% of their annual salary and the District is required to contribute 5.75% of annual payroll. Contribution requirements are established by state statute. The District's contribution to IPERS for the years ended June 30, 2005, 2004 and 2003, were \$1,328,575, \$1,199,363, and \$1,142,384, respectively, equal to the required contributions for each year.

(7) Risk Management

Johnston Community School District is exposed to various risks of loss related to torts; theft; damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by the purchase of commercial insurance. The District assumes liability for any deductibles and claims in excess of coverage limitations. During the year ended June 30, 2005, there were no significant reductions in coverage. In addition, over the past three fiscal years, settlement amounts did not exceed insurance coverage.

In addition to the above, the District operates a partially self-funded insurance program administered by a third party administrator for its employees' and eligible dependents' medical benefits. The program is supplemented by stop loss protection, which limits the District's liability to \$50,000 per individual medical claim or an aggregate limit of 125% during the period July 1, 2004 through June 30, 2005.

The District operates a totally self-funded insurance program administered by a third party administrator for its employees' and eligible dependents' dental benefits. The program liability is limited to \$1,000 per individual per year.

Both plans receive an annual actuarial opinion and an annual report is filed with the State of Iowa Insurance Division. The insurance claims liability of \$375,066 reported at June 30, 2005 is based on the requirements of GASB Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported. Changes in the fund's claims liability amount for the year ended June 30, 2005 follows:

NOTES TO FINANCIAL STATEMENTS Year Ended June 30, 2005

| | Liability | July | Current Claims and Changes in | Claim | Liability |
|----------------------|-----------|------|-------------------------------------|-----------|-----------|
| Year ending June 30, | 1 | | Estimates | Payments | June 30 |
| 2005 | \$ | - | 3,483,901 | 3,108,835 | 375,066 |

The District operates a Section 125/Flex Plan whereby employee contributions are made through payroll deduction and eligible expenses are reimbursed on a weekly basis.

The above plans are reported in the Internal Services Fund.

(8) Area Education Agency

The District is required by the Code of Iowa to budget for its share of special education support, media and educational services provided through the area education agency. The District's actual amount for this purpose totaled \$1,261,795 for the year ended June 30, 2005 and is recorded in the General Fund by making a memorandum adjusting entry to the financial statements.

(9) Subsequent Events

On June 7, 2005, a general obligation bond referendum in the amount of \$36,500,000 was approved. No bonds had been issued as of the date of this report. This referendum was approved as part of the December, 2004 board-approved facility plan which includes the following projects:

| | Estimate |
|---|----------------|
| | In Millions |
| New elementary | \$16.7 |
| Remodel/Expand middle school | 4.7 |
| Remodel/Expand high school | 9.7 |
| Expand existing elementary buildings | 1.9 |
| Expand support services facility | 1.5 |
| Activity/Athletic facility improvements | 1.0 |
| Purchase future building site | 1.0 |
| Total estimated costs | \$ <u>36.5</u> |

JOHNSTON COMMUNITY SCHOOL DISTRICT NOTES TO REQUIRED SUPPLEMENTARY INFORMATION - BUDGETARY REPORTING Year ended June 30, 2005

This budgetary comparison is presented as Required Supplementary Information in accordance with <u>Governmental Accounting Standard Board</u> Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparisons for the General Fund and each major Special Revenue Fund.

In accordance with the Code of Iowa, the Board of Education annually adopts a budget following required public notice and hearing for all funds except Private Purpose Trust and Agency Funds. The budget may be amended during the year utilizing similar statutorily prescribed procedures. The District's budget is prepared on the modified accrual basis.

Formal and legal budgetary control for the certified budget is based upon four major classes of expenditures known as functions, not by fund or fund type. These four functions are instruction, support services, non-instructional programs and other expenditures. Although the budget document presents function expenditures or expenses by fund, the legal level of control is at the aggregated functional level, not by fund. The Code of lowa also provides District expenditures in the General Fund may not exceed the amount authorized by the school finance formula.

During the year ended June 30, 2005, disbursements in the other expenditure functional area exceeded the amount budgeted.

GENERAL INFORMATION

The Johnston Community School District is located in central lowa within the Des Moines Metropolitan area. Included within the District's 25,344 acres are the Cities of Johnston and portions of Des Moines, Urbandale and Grimes. Transportation facilities are provided by U.S. Interstates 35 & 80, Iowa Highway 401, as well as numerous paved county roads. Commercial airline service is available at the Des Moines International Airport. Commercial development within the District has been greatly enhanced by the continued growth of the northwestern portion of the metropolitan area. Residential growth and recreational opportunities within the District have been enhanced by the construction of Saylorville Lake, a U.S. Corps of Engineers flood control dam impounding the Des Moines River.

The three major employers within the District are Pioneer Hi-Bred International, Inc., Iowa National Guard-Camp Dodge, and John Deere Credit. Pioneer Hi-Bred International, Inc. is an internationally known producer of hi-bred seed. Employing over 1,000 persons within the District, Pioneer's facilities within Johnston (approximately 500,000 square feet office and laboratory space) include the Central Division Offices, Plant Breeding Division, Pioneer Data Systems Division, and Green Meadows Limited. Iowa National Guard-Camp Dodge is a military division of public defense and employs over 500 persons.

Continuing education centers within commuting distance include: Drake University, Des Moines; Grand View College, Des Moines; University of Osteopathic Medicine, Des Moines; Iowa State University of Science and Technology, Ames; Simpson College, Indianola; and Area XI Des Moines Area Community College, Ankeny.

Major Taxpayers

Presented below is a list of the major taxpayers within the Johnston Community School District and their 2003 assessed valuation:

Debt Limit

The amount of general obligation debt a political subdivision of the State of lowa can incur is controlled by the constitutional debt limit, which is an amount equal to 5% of the actual value of property within the corporate limits, taken from the last County Tax list. The district's debt limit, based upon said valuation, amounts to the following:

Actual value of property, 2003: \$ 1,953,752,680 *

0.05

Debt Limit: \$ 97,687,634

Total Direct Debt = <u>\$ 16,815,000</u> or <u>17.2%</u> of debt limit.

* Includes TIF valuation of \$129,760,620

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

To the Board of Education of Johnston Community School District:

We have audited the accompanying financial statements of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of the Johnston Community School District, Johnston, Iowa, and its aggregate discretely presented component units as of and for the year ended June 30, 2005, which collectively comprise the District's basic financial statements listed in the table of contents and have issued our report thereon dated September 28, 2005. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Johnston Community School District's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect the District's ability to record, process, summarize and report financial data consistent with the assertions of management in the financial statements. However, we noted no matters involving the internal control over financial reporting and its operation that we consider to be reportable conditions as defined above.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we noted no matters involving the internal control and its operation that we consider to be material weaknesses as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under <u>Government Auditing Standards</u>.

Comments involving statutory and other legal matters about the District's operations for the year ended June 30, 2005 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the District. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

This report, a public record by law, is intended solely for the information and use of the officials, employees and citizens of Johnston Community School District and other parties to whom the District may report, including federal awarding agencies and pass-through entities. This report is not intended to be and should not be used by anyone other than these specified parties.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of the Johnston Community School District during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

Independent Auditor's Report on Compliance with Requirements Applicable
to Each Major Program and on Internal Control over Compliance
in Accordance with OMB Circular A-133

To the Board of Education of Johnston Community School District:

Compliance

We have audited the compliance of Johnston Community School District with the types of compliance requirements described in U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended June 30, 2005. Johnston Community School District's major federal programs are identified in Part I of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grant agreements applicable to each of its major federal programs is the responsibility of Johnston Community School District's management. Our responsibility is to express an opinion on Johnston Community School District's compliance based on our audit.

We conducted our audit of compliance in accordance with U.S. generally accepted auditing standards, the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States, and OMB Circular A-133, <u>Audits of States</u>, <u>Local Governments</u>, and <u>Non-Profit Organizations</u>. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether non-compliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Johnston Community School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Johnston Community School District's compliance with those requirements.

In our opinion, Johnston Community School District complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2005.

Internal Control Over Compliance

The management of Johnston Community School District is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grant agreements applicable to federal programs. In planning and performing our audit, we considered Johnston Community School District's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

We noted no matters involving the internal control over compliance and its operation that we consider to be a reportable condition. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over compliance that, in our judgment, could adversely affect Johnston Community School District's ability to administer a major federal program in accordance with applicable requirements of laws, regulations, contracts and grant agreements.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that non-compliance with applicable requirements of laws, regulations, contracts and grant agreements caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we noted no matters involving the internal control and its operation that we consider to be a material weakness as defined above.

This report, a public record by law, is intended solely for the information and use of the officials, employees and citizens of Johnston Community School District and other parties to whom Johnston Community School District may report, including federal awarding agencies and pass-through entities. This report is not intended to be and should not be used by anyone other than these specified parties.

JOHNSTON COMMUNITY SCHOOL DISTRICT

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

YEAR ENDED June 30, 2005

Part I: Summary of the Independent Auditor's Results

- (a) An unqualified opinion was issued on the financial statements.
- (b) No reportable conditions in internal control over financial reporting were disclosed by the audit of the financial statements.
- (c) The audit did not disclose any noncompliance which is material to the financial statements.
- (d) No reportable conditions in internal control over major programs were disclosed by the audit of the financial statements.
- (e) An unqualified opinion was issued on compliance with requirements applicable to each major program.
- (f) Major programs were as follows:
 - CFDA Number 84.027 Special Education Grants to States
 - Clustered programs:
 - CFDA Number 10.553 School Breakfast Program
 - CFDA Number 10.555 National School Lunch Program
 - CFDA Number 10.555 Fruit and Vegetable Nutrition Grant
 - CFDA Number 10.556 Special Milk Program for Children
- (g) The dollar threshold used to distinguish between Type A and Type B programs was \$300,000.
- (h) Johnston Community School District did not qualify as a low-risk auditee.

Part II: Findings Related to the Financial Statements:

INSTANCES OF NON-COMPLIANCE

No matters were noted.

REPORTABLE CONDITIONS

No matters were noted.

Part III: Findings and Questioned Costs for Federal Awards:

INSTANCES OF NON-COMPLIANCE

No matters were noted.

REPORTABLE CONDITIONS:

No matters were noted.

JOHNSTON COMMUNITY SCHOOL DISTRICT

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

YEAR ENDED June 30, 2005

Part IV: Other Findings Related to Required Statutory Reporting:

| IV-A-05 | Official Depositories - Official depositories have been approved by the District. The maximum deposit amounts approved were not exceeded during the year ended June 30, 2005. |
|---------|--|
| IV-B-05 | <u>Certified Budget</u> - Expenditures for the year ended June 30, 2005, exceeded the certified budget amount in the other expenditure function. |
| | Recommendation - The certified budget should have been amended in accordance with Chapter 24.9 of the Code of Iowa Before disbursements were allowed to exceed the budget. The District should contact the Iowa Department of Education and the School Budget Review Committee to resolve the unspent authorized budget issue. |
| | Response - Future budgets will be amended in sufficient amounts to ensure the certified budget is not exceeded. |
| | Conclusion - Response accepted. |
| IV-C-05 | <u>Questionable Disbursements</u> - No disbursements were noted that may not meet the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979. |
| IV-D-05 | <u>Travel Expense</u> - No expenditures of District money for travel expenses of spouses of District officials or employees were noted. No travel advances to District officials or employees were noted. |
| IV-E-05 | <u>Business Transactions</u> - No business transactions were noted between the District and District officials or employees. |
| IV-F-05 | <u>Bond Coverage</u> - Surety bond coverage of District officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to ensure that coverage is adequate for current operations. |
| IV-G-05 | <u>Board Minutes</u> - No transactions were noted requiring Board approval which had not been approved by the Board. |
| IV-H-05 | <u>Certified Enrollment</u> - No variances were noted in the basic enrollment data certified to the Department of Education. |
| IV-I-05 | <u>Deposits and Investments</u> - No instances of noncompliance were noted with the deposit and investment provisions of Chapter 12B and 12C of the Code of Iowa and the District's investment policy. |
| IV-J-05 | <u>Certified Annual Report</u> - The Certified Annual Report was filed with the Department of Education timely and we noted no significant deficiencies in the amounts reported. |
